

Watch the ordinary become extraordinary...  
Every day!!!

Each and every school in Brevard County shares the same vision...Student Success! We know that in order to be successful, we need a team effort. Our values reflect that belief...by creating strong connections between home and school. That's why you're invited to "Be There." It's a profoundly simple way to connect with our children in meaningful ways during the every day moments of life. We know teachable moments are everywhere. When you find them, you watch the ordinary become extraordinary.

Look for special "**BE THERE**" events  
coming this school year.
