

Teachable moments

Share your stories, learn from others...

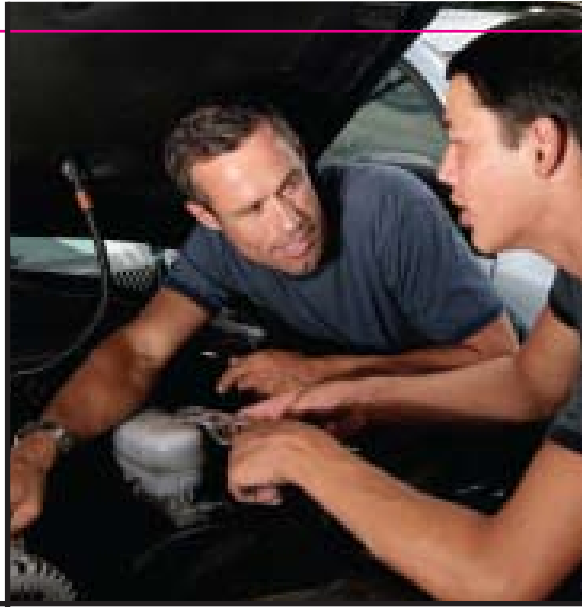

Visit www.bethere.org and tell us how you were there. See how others were there. Send a photo, share a drawing, or write to us with the everyday stories that lead to Student Success!

You're Invited To

Watch the ordinary become extraordinary...every day!

The goal in every school in Floyd County is to provide a quality education for a quality life. To be successful, we need a team effort with strong connections between parents and teachers. That's why you're invited to "Be There." It's a profoundly simple way to connect with your children in meaningful ways during the every day moments of life. We know teachable moments are everywhere. When you find them, you watch the ordinary become extraordinary.

Be their favorite teacher

Being there for your child doesn't have to take time or cost you money. When going through the ordinary routines of life, you can "Be There" while driving to school, preparing a meal, doing the laundry, or shopping for groceries. Just take the time to make eye contact, smile, ask a question or share your knowledge. One moment of connecting with your child daily will multiply into a lifetime of benefits.

Together, we will Be There for our children.

Floyd County Schools and You!
